Mr. W. A. Bateman went to Medi-  
cine Hat last Saturday to meet Mrs.  
Bateman and son who have been visit-  
ing Halifax, Nova Scotia since last  
fall, the train arrived twelve hours  
late. Kenneth Bateman motored to  
Medicine Hat last Sunday to fetch  
them all home

Mr. A. E. Tunstall motored to  
Medicine Hat on Sunday last

Last Saturday, Jack Hoggins was  
fined \$5.00 and costs or in default 15  
days in Lethbridge Jail, for keeping a  
lunch of dogs without a license

We have always wondered why the  
town allowed anyone in the Town  
Limits to keep a herd of dogs, they  
are totally unnecessary, out of place,  
creating scenes on the streets and a  
menace to health

A true lover of dogs would never  
keep them herded in close quarters in  
a town but would have them out on a  
farm where they would have the  
chance of getting small game and be  
kept cleaner and sweeter

One dog to each family is enough to  
have in Town limits; and every City  
and Town should have a By-Law to  
that effect, for any small Taxes they  
bring in, do not offset the nuisance  
of them, when there are many of them

## A Word about Taxes

We know that Taxes are a necessary  
evil and that Death and Taxes are  
Twin-brothers, for they are both alike  
in that both of them eventually "get  
you" sooner or later.

But even our great enemy "Death"  
can be made "more merciful and less  
frightful" by the "Advanced Study  
and Brains of Deep Thinkers and Med-  
ical Scientists of today" (our own  
local Doctor not excluded); that be-  
ing so with Death, then the problems  
of Taxes which are man-made can,  
we think, be made to be more reason-  
able to us all and by some "Deep  
Thinking" to give Satisfaction and  
Justice to all.

We note with satisfaction that the  
"Town" has appreciated the fact,  
that the Crop Failures of some and  
partial Crops of others, has Depreciat-  
ed the Value of all Lands, round here  
be they Farms or Town Lots, and the  
"Town" with that keen sense of  
Justice for which they are so well  
known, has Assessed the Lands in  
their Territory at a lower Valuation  
than last year, to do this needs  
"Courage" in that they acknowledge  
that Divine principle,  
"An I say brother's keeper?" and the  
answer is "Yes",— if you cripple him  
with heavy and unjust Valuation - are  
you then acting Wisely and as a  
Brother?

We have just received our Assess-  
ment for School Taxes and they are  
the same as last year, may be yours  
are the same

Last year on those two Lots, which  
are away out from the busy part of  
the town, we paid to the new School  
Board the sum of \$22.75 for School  
Taxes alone, the year previous when  
the School was in charge of the Town  
we had to pay exactly \$40.00 for School  
Taxes (which we think was ample  
considering our outside location) but  
even at that it was \$17.25 less than  
charged by the new School Board.

It is to be sincerely hoped that the  
"Mill-Rate" for the School Taxes this  
year will be lower than last year, to  
help ameliorate the lower Land Values  
and decreased Business and decreased  
Incomes of us all, be they Farmers or  
Store-keepers

We know that there are some  
Farmers on the present School-Board  
and we appeal to them, not to Assess  
the Town Lots heavier "pro rata"  
than the Farms for when the Farmers  
are doing nothing the Store-keepers  
are equally Hard Hit

But we always had confidence in  
our Farmers to see Fair play to all,  
therefore we join heartily with them  
in singing:

"Equity" our slogan, boys  
An Honest Deal for all  
The Farmers' party Watchword  
By which we'll stand or fall

And it is for this principal of  
"Equity" that we have and are always  
going to Boost the Farmers' party -  
and who knows the (seemingly) most  
unlikely Farmer amongst us, may one  
day be at Ottawa, with the title of  
"Honorable" and an Orchid in his  
coat and the applauding Senate his  
command

And he is helped on his path by  
every little boost from various sources  
and the strongest of all sources is his  
own Town Paper, for the Government  
Agents (may be then even a Farmer  
Government) get hold of every paper  
that is printed and note who are the  
coming favourites with the people, so  
don't despise your own little Town  
Paper it is a Valuable friend to a pro-  
gressive man

## Post Office Department Regulation

It is not the wish of the Post  
Office Department that local  
Post Office wall should become  
an advertising bureau. Certain  
Departmental Notices are to be  
posted thereon but it is a re-  
quired fact by the Department  
that "advertising" distinctly be-  
longing to the publisher's field, and  
local postmasters will be saved  
the unpleasantness of a refusal  
if the public kindly keep this  
fact in mind

All Advertisements or Changes of Advertisements, Notices or Reading Matter should be in the  
Review Office by Monday or at the latest Tuesday Morning to appear the same week, as the  
Review is printed every Thursday.

## Salary Increase

Editor Review.

Dear Sir—At a special meeting of the North Saanich Local, United for the Province of British Columbia, the following resolution was drafted, and I was duly instructed to forward you a copy for publication:

Whereas, the members of the Provincial Legislature, during the dying hours of the session just ended, have thought fit to loot the Treasury of the Province of some \$40,000 for increases in their seasonal indemnity, when the Province is in sore straits for money to carry on the ordinary routine without borrowing more at an extortionate rate of interest, and also in view that Hospitals and other deserving Charities could not be aided through not having money to come to their assistance;

Therefore, members of the North Saanich Local of the United Farmers of British Columbia, an organization formed of taxpayers of all shades of political belief, being dumfounded by the Petty Graft of the Alleged Servants of the People in their voting themselves increased indemnities, therefore call upon all members of the Legislature to resign their seats, in order that they may be placed on trial before the electors of the Province for Malfeasance of Office.

Therefore it is further resolved, if the members of the Legislature do not resign, but insistently brave out their term of office against the wishes of the Electorate, that the Lieutenant-Governor be implored to dissolve the House.

And it is further resolved that copies of this resolution be forwarded to His Honor the Lieutenant-Governor, the Premier, the local member, Mr. Jackson, the Sidney and Islands Review, the daily papers in Victoria and Vancouver, the Farm and Home, and the United Farmer.

WM. CHAS. CLARKE, Sec.-Treas. North Saanich Local United Farmers of B. C.

The Editor of the Bow Island Review thinks this is the kind of "dirty work" that all Farmers' Organizations should combine to put a stop to; it should have been voted on to state the promise and you would feel ashamed if you happened to be asked to recite and couldn't. Here is your chance to memorize it:

## THE SCOUT PROMISE

1. I promise on my honor to do my duty towards God and King.

2. To help other at all times.

3. To obey the Scout law.

## Dollar Wheat is Here

Kansas City to the Wall Street says:

"Dollar wheat has returned to the southwest. During the entire crop year, forecasts have been made that the dollar mark in the broad grain crop would be reached, but such optimism was at times considered ridiculous. A loud cry arose from the trading pit in Kansas City when the board recorder a trade at 99 3/4 cents a bushel, but aside from this nothing unusual developed when the figure was reached.

"The market for wheat is now at the lowest level since June, 1916, when both cash and future quotations fell slightly below the dollar mark.

"Previous to the war, dollar wheat was considered a comparatively high price and the interior southwestern shipper manifested as much optimism when the word went out that a dollar a bushel was paid for wheat, as his doubtless manifested discouragement when advised of the level in the past few days."

## Would Abolish the Present Commission

Harvest Vale U.F.A. Would Like Railway Commission More Representative—Present Personnel Favors Railways

Demanding that the board of Railway Commissioners be peremptorily dismissed on the grounds that it does not represent the people and is too ready to grant increases requested by the railroad interests, Harvest Vale Local of the U.F.A. has requested that all locals in Alberta pass resolutions similar to the following which they adopted a few days ago.

"Whereas the board of railway commissioners, as at present constituted, does not truly represent the varied interests of the people, but is, we believe, ready at all times without consideration to grant increase on passenger, freight and express rates accepted or by the several companies interested.

"Resolved that the present railway commission be dissolved and that a board be constituted by the appointment of one member from each of the following interests: Manufacturers Association; one Council of Agriculture; one Retail Association, one. "That these associations herein mentioned select a proper qualified person to act as chairman and that the board continue in office for three years; at the expiration of that time they may be eligible for reappointment.

## SENATOR MAKES STRONG ATTACK ON HARVEY

WASHINGTON—George Harvey, new American Ambassador to Great Britain, was attacked in the senate by Senator Harrison, Democrat, who declared Mr. Harvey was a "vindictive, self-appointed, intolerant political accident." Senator Harrison charged that the appointment of George Harvey by President Harding as a minister to Great Britain "a reward for his efforts" to discredit the Wilson administration and said he feared Col. Harvey's arrival in London would cause Great Britain and other nations to believe that "he will use whatever influence he may possess and the power of his position to destroy the League of Nations."

## WINNIFRED

Mr. Bill Mervyn had a very bad accident this week, while trying to stop his windmill, one part was broken and he mounted the top of the platform to stop the motion, and his hand caught in the gear tearing his finger and nearly severed the finger, the flesh of two fingers being scooped to the bone causing much suffering, and will hinder his work this morning, the deepest sympathy is expressed by his many friends.

The U.F.A. and U.F.W.A. Social given April 30th, proved very popular and it is easily understood the U.F.A. are very anxious to have the U.F.W.A. join and take part with them, joint meetings are the best methods of transacting business and every lady should join.

The Ladies Aid will hold their next meeting at the home of Mrs. J. W. Denison, Thursday May 12th, joint work will be done, everybody cordially invited, Mrs. Ernest Denison will assist in entertaining and serving luncheon.

Seeding was well under way last week but the storm of April 26th, delayed work a couple of days, with favorable weather this week, 40 per cent of seeding will be done, moisture, so far seems reported, in this district, the strong winds of May 1st, blowing loose dirt and some damage done May 2nd, another day drifting sand from the south.

The Base Ball Fans have selected a new name for their league, it will be known as the "Rain maker League" the amount of rain that is to fall in the next three months is why the selectors made the choice, the League is not behind the times or make any misjudged fly.

Mr. Bradner, Bow Island A.P.P. made a trip to Winnifred Saturday evening.

Mr. and Mrs. Teddy Winchcombe are now settled in their own home after it had been completely renovated.

Mr. John Currie and family are shipping a car of machinery and household goods to Oils, where they expect to reside.

Mr. Noah Routhier shipped seed wheat from Montana to Percy Colthorpe last week.

Sunday May 8th, will be Mother's Day the Sunday School will give particular attention to this Day, Rev. Rodgers will preach promptly at 2 p.m.

The L.O.O.F. and Rebekahs will hold their Annual Ceremonies Sunday 8th, in the L.O.O.F. Hall promptly at 3 o'clock, Rev. Wm. Rodgers will be the speaker, everybody cordially invited.

Miss Mable Burch returned from her visit to Medicine Hat this week.

The Union Bank closed its doors Saturday April 30th, being transferred to Bow Island.

Mr. Roy and Fred Harris, returned from Coudale this week they will farm largely this season.

Miss Louisa Colthorpe of the Union Bank has been transferred to Bow Island Bank.

Mr. R. B. Taylor of the Union Bank has been transferred from Winnifred to Langdon, Alta.

Mr. Jas Castle is expected home this week from Medicine Hat Hospital, he is gaining health daily.

Mr. Harry Hills of Medicine Hat, brother of Frank, made a business trip to Winnifred Friday April 29th.

Mr. James Larsen accompanied by Mr. Hattin and Mr. Dibbee made a business trip to Lethbridge last week.

## THREE KILLED IN AUTO AT LEVEL CROSSING

MONTREAL.—Three Montreal people were killed and three others, all of Montreal, were injured recently when an auto in which they were travelling was struck by a southbound train of the Delaware and Hudson Railway at Hughes' Crossing, two miles north of Lachine, Que. The dead are: Isadore Beauden, 50, his wife and grandchild. One of the injured men is reported to be a chauffeur who had taken out his employer's car without permission.

## TRUE CHARITY SHOWN BY NEIGHBOR FARMERS

Two farmers in the East Lethbridge district had unfortunate accidents recently. Mr. Vaselek had his thigh broken and Mr. Ovard lost his barn. To show that the farmers know what true brotherhood really means, the East Lethbridge local U.F.A. had put in their crops. On Monday the farmers in the north half of the district will hold a bee and send Mr. Vaselek's crop. On Tuesday those in the south half will send Mr. Ovard's.

L. Ferns Vice Pres.

J. Reid Hon. Pres.

Mrs. K. Bateman Sec. Treas.

The Bow Island Tennis Club have engaged the L.O.O.F. Hall for May 24th, where they will give their first dance of the season.

An enthusiastic meeting of The Rain Belt League was held on Monday May 2nd, each town in the league being well represented by delegate. A schedule which will appear in the Review next week was drawn up with the opening game to be played on May 24th, in Bow Island between Bow Island and Winnifred.

Durward Roll was awarded second prize in the contest for the name of the League, no first prize being awarded.

The enquiry into the car accident near Burdett on the 18th, inst., was postponed owing to Mr. Hills through illness in Medicine Hat Hospital being unable to attend and will be well enough for another two weeks, he is suffering from a fractured skull.

Mr. Smearns was a caller to town last Thursday.

Miss D.L. Colthorpe of the Union Bank Staff Winnifred has been transferred to Bow Island.

The Glee Club gave a very interesting concert on Friday April 29th, in the L.O.O.F. Hall to a large and appreciative audience. Father Greene acted as chairman and in his address gave the authors the praise that was due them for the work they had done in preparing a concert such as was put before the audience that night.

**Municipal District of Bow Island No. 94 vs A.F. Werts**

The appeals in the above case have been disposed of by the Appellate Division of the Supreme Court of Alberta. There were two appeals which were consolidated and both came on for hearing at Calgary at the April Sittings of the Appellate Court.

"The Appeal of the Municipality was against the Judgment of Mr. Justice McCarthy and the Appeal of the Defendant against the Judgment of Mr. Justice Walsh.

The Municipality won its Appeal from the decision of Mr. Justice McCarthy and the Defendant's Appeal from the decision of Mr. Justice Walsh was allowed in two items.

The costs of one appeal were set off against the costs of the other.

The effect of the Judgment was that the Municipality will have Judgment against the defendant for the amount allowed by His Honor Judge Jackson in favour of the Municipality together with the Costs of the Reference and the Trial.

## Creston, B.C.

Mr. Geo. Bruce left for Edmonton, Alta. where he expects to be employed for a time.

Mrs. Kirsch and family left for their old home in Bow Island Saturday after spending the winter in Creston. They say they certainly enjoyed the climate here.

An interesting Bill game was held here Sunday between the Duck Creek and Creston the Creston boys coming out winners.

C.O. Rogers of the Canyon City Lumber Co. has trucks busy hauling his last winters cut of logs and will start their mill this week.

While the snow is staying well on the mountains and it has been quite cool for this time of the year, we are not in need of a rainmaker as we have plenty of moisture in the soil.

A meeting of the ratpayers of the Creston School District is called for May 6th, to discuss the question of enlarging the school building as they haven't room to accommodate all the pupils of school age in the district.

Farmers are busy and news is scarce

## Keeps Baby's Skin Healthy

If every mother could only realize the trouble which lurks in the neglect of chafing and skin irritations she would not take chances on being without Dr. Chase's Ointment to apply after baby's bath.

It arrests the development of eczema, and makes the skin soft, smooth and velvety.

## Watering Farm Horses

Working Horses Are Frequently Neglected, Which Leads to Serious Results.

Walter Moore, a well-known writer, says:—"It is a common thing for farmers to water their horses in the hay field from morning to night, watering them only at noon. This is done even on days of excessive heat. The driver usually has two or more refreshing drinks in the middle of the morning and again in the afternoon, but the horses to whom water is given, without this want of water is not only excessive, but it causes the horses to drink to excess at noon, and again at night, which often results in colic, and always tends to produce a distended stomach of what farmers call a 'hay belly.' Farmers who would treat their horses humanely should take water into the field for them in hot weather."—Boston World Horse Relief Association.

## THE FATEFUL YEARS FOR EVERY WOMAN

How to Overcome Troubles That Afflict Women Only.

So far as a woman's health is concerned, probably the most fateful years in her life are those between 30 and 50. So, the most critical period under depressing conditions through overstrain in household cares, or of a neglected condition of the blood, and so they suffer heavily. As the most common symptoms at this time are headache, pains in the back and sides, feverishness, palpitation, dizziness and depression. It is well to know that these variations are not in the least kindred to the treatment. What women stand in need of all their life, but never more so than in middle age, is rich, red blood. As a tonic for the blood and a general health tonic, Dr. Williams' Pink Pills for Pale People are the only medicine that will help women at this time. Anemia, which has been found here before for \$2.50 from Dr. Williams' Pink Pills for Pale People, is the only medicine that will help women at this time. ## An Ancient Spinstor

Poland Claims to Have the Oldest Maid in Central Europe.

Poland claims the oldest spinster in Central Europe. She is Miss Anna Dobek, living in Chocholow, who recently celebrated her 123rd birthday. Miss Dobek is still quite active, physically and mentally, and does some housework each day.

She also has a sense of humor, and to her acquaintances, attributes her longevity to the fact that she has never been bothered by having a man about the house. Miss Dobek doesn't like cats, either.

Every careful and observant mother knows when her child suffers from a cold. She also knows that if some remedy he not speedily applied much harm will result to the infant. An excellent preparation for this purpose is Miller's Worm Powders. They drive worms from the system and set up stimulating and soothing effects, so that the child's progress thereafter is painless and satisfying.

## Lignite Coal in Western Canada.

The coal produced at the Lignite Utilization plant at Binfield, Sask., will be placed on the Winnipeg market at \$1.15 per ton, according to a statement made recently in the Manitoba-Legislative by Hon. T. H. Johnson, attorney-general. If all that is claimed for the briquettes manufactured at the Binfield plant is correct, the price above quoted should revolutionize the coal trade of Winnipeg.

Direct wireless communication between England and Australia has been successfully effected on the Marconi principle. The distance covered is between 12,000 and 13,000 miles.

The outside walls of many of the houses in Mexico are from three feet to six feet thick to withstand earthquake shocks.

## Creeps Into the System Just Like a Serpent

Like a thief in the night, it steals through the system—the how Cataract acts. Don't trifle with such a scourge. Time and experience have proved that Cataractone is a wonderful remedy for all Cataract and bronchial troubles. You don't take any drugs, you just inhale the sweet soothing vapor of Cataractone which is laden with balsamic essences that heal, relieve and ease the sufferer. You strengthen the throat, to sweeten the breath, to stop nasty discharges, to drive out Catarrh, colds and weakness in the throat, use Cataractone. Two months' treatment one dollar, smaller size 50¢, all dealers or the Cataractone Co., Montreal.

## To Begin Irrigation Work

To Bring Water to 100,000 Acres in the Lethbridge District.

It is now assumed that construction on additional irrigation works to bring water to 100,000 acres in the Lethbridge Northern Irrigation district, will be started on the 1st May. The Legislature of Alberta now in session has unanimously decided to guarantee the necessary finance. The large farming area already under irrigation around Lethbridge has been very profitable. Bonds covering expenditure for the new irrigation area guaranteed by the province of Alberta will shortly be on the market.

## The Dumb Animals

Movement For Greater Kindness to Dumb Animals Is Growing.

The movement to set aside special days for greater kindness to dumb animals is growing. It is a movement that appeals to reason. Go back into childhood and almost every child has a kindred to the dumb animals is growing. It is a movement that appeals to reason. Go back into childhood and almost every child has a kindred to the dumb animals is growing. It is a movement that appeals to reason. Go back into childhood and almost every child has a kindred to the dumb animals is growing.

Much of the joy of youth is inseparably bound up with dumb animals. Children instinctively are affectionate and kind to dumb brutes. That is the normal attitude toward them. As we grow older, however, we grow thoughtless and many are unnecessarily cruel to dogs and cats, and the hearts of the heads and the fowl of the air.

We owe a mighty debt to dumb animals.—Winnipeg Tribune.

## Manitoba's Population.

The last population figure for Manitoba in 1920 was 541,466, according to the annual report of the vital statistics branch of the Provincial Government. The decadal rate for the previous year was 122 per thousand, a reduction of 2 per thousand over 1919. Births in 1920 totalled 18,336 as against 15,019 during the previous year.

## Eyelet Embroidery Is A Favored Trimming

By Marie Belmont.

One of the most interesting developments in the adorning of the new spring frocks and suits is the lavish use of eyelet embroidery. It is exceedingly effective, as it permits the use of contrasting fabrics which add much to the beauty of the models. This dress, cut from soft folds of salmon cloth is partly veiled by eyelet batiste. The latter richly embroidered with eyelets, is disposed in panels on the front of the dress. The lower part of the corsage is covered with the batiste which is cut in pointed style. A huge swath of chiffon is draped about the waistline, and the long ends become panels that are much longer than the front of the gown.

## Prominent Western Man Praises Tanlac

G. W. Logan, Peabody, Kansas

"Tanalac has completely restored my health and I feel finer than in years," was the straightforward statement made recently by Mr. George W. Logan, of Peabody, Kansas, one of the most prominent stock-dealers in the Middle West.

"It has not only made a new man of me but I have actually gained thirty-five pounds in weight and feel as well as I ever did in my life."

"When I began taking Tanlac I was in an awful unwell condition. I was awfully off in weight, felt weak and nervous all of the time and couldn't take any interest in my work or anything else."

"My wife was also troubled with indigestion at times and it relieved her the same way. You may publish my statement wherever you like and if anyone doubts it, just tell them to see me."

Take any interest in my work or anything else. My main trouble was indigestion. Nothing seemed to agree with me. At times I would have dizzy spells and at other times my back would ache so bad that I could hardly get up and down in my chair. This is just the condition I was in when I started to take this medicine. It took just six bottles to make a well man of me. I now have a fine appetite, everything tastes good and my digestion is perfect."

"My wife was also troubled with indigestion at times and it relieved her the same way. You may publish my statement wherever you like and if anyone doubts it, just tell them to see me."

Hands Across the Sea  
Forget Minor Differences of View and of Prejudices.

In the lands of the American and of the English people lie the security and well-being of the human race. If Great Britain and America, whose ideals we firmly believe to be fundamental in accord, can, in the next few years, be brought into closer appreciation, each to the other's difficulties and problems if they can be persuaded to forget minor differences of view and of prejudices; if they can grow to a common understanding of their mutual obligations and responsibilities to the world, they can become the leaders along the path of world progress.—New York Post.

Share them suffering by using Mother Gray's Worm Expeller, an excellent remedy.

## Some Yield

An acre of ground planted with Kansas will, it is estimated, produce nearly 20 tons of flour, as each bush of Kansas weighs from 70 to 80 pounds.

## Satisfaction in both Cans

Imperial Mica Axle Grease contains just enough powdered mica to form a smooth, hard surface on the axle which relieves friction and enables grease to do its work better. It prevents hot boxes and scored axles, and outlasts other greases two to one.

Imperial Eureka Harness Oil penetrates every fibre of leather, thereby excluding moisture, dust and sweat. It preserves harness, and prevents cracking and breaking of stiches. Harness that is treated with it lasts for years, looks well all the time and requires little repainting.

Ask your dealer about these two high quality products. Use both in convenient tins.

## WESTFIELD NEWS

From our own Correspondent

There was a large crowd at Sunday School, the good weather and good prospects make every body feel glad and so feel more like going to church. Rev. Mr. Taylor did not succeed in getting to Westfield last Sunday for some unknown reason.

Mr. and Mrs. Collins and family took dinner at St. Efford last Sunday.

Mr. Jim Shaver went to Foremost on Tuesday, to attend the meeting held there, on behalf of the School-fair which they are trying to organize, for the school children.

Several of the Westfield women attended the Ladies Circle on Thursday which was held at Mrs. Statens home.

Mrs. Ephraim has a severe attack of pneumonia but the critical time is over and she is on the mend for the better.

The Boys of "Taxis Square" are all practising for the competition which comes off on Friday.

"The Prairie Belles" have got a Basket Ball and expect to have a good Basket Ball team to give this summer. Between the Girls' Basket Ball team and the Boys' Ball team there will be quite a lot of sport and attraction for the people around Westfield, in the evenings.

Miss Cornelia Anderson was a visitor at Mrs. Edgeline on Sunday.

Eather Efford spent Sunday with her cousin.

Mr. and Mrs. J.W. Lane spent Sunday afternoon at the home of Mr. F. Efford.

Everybody is seedling around this district, with the last few storms every farmer is working with a smile and more vigor.

Mr. S. T. Efford will be glad if the party who received his service will return it, or if he is too busy, Mr. Efford will fetch it. If he lets Mr. Efford know or else the Editor of this paper who will print it in the Westfield news.

Come and join us next Sunday and take a fresh hold on life and happiness.

High North was a business visitor last week. The sale which was advertised owing to no one turning up prepared to buy was postponed. It is a pity the matter was allowed to be forced till the fall.

Our readers will be sorry to hear that Mr. E.J. Welsh who as the local agent for the Pioneer Lumber Yard has been here just long enough to get acquainted and who has made many friends has resigned his post and is returning to his farm at Milk River.

We are glad to note that a number of ex-service men have been able to get work in this district for the summer. This is as it should be and we hope to see more come to stay permanently.

Mr. Mansfield who is well known to many as a Base Ball Player of good class has been appointed Agent of the Pioneer Lumber Co. here. He expects to bring his wife and family to Burdett in the course of the next week or two.

## Burdett News

From our own Correspondent

Miss F. McDougall of this district became the bride of Corp. E. K. Merjerson of the A.P.P. Detachment of Pincher Creek on Tuesday April 26th. The wedding took place at Grassy Lake, the ceremony being performed by the Rev. M. E. Wiggins of Taber in the presence of a few relatives of the bride. The bride occupied the position of stenographer at the A.P.P. Headquarters at Lethbridge for the past two years. The happy couple will make a short stay at Lethbridge later returning to Pincher Creek, where Corp. Merjerson will again take up his duties at the detachment there.

Mr. Wattam and Mr. Ell of Grassy Lake were business callers to Bow Island on Friday last.

Burdett Celebrations will be on July 10th. Book date.

The R.S.A.S. met in the club on Friday. There was a good attendance considering the weather and the fact that everyone is so busy just at present. Business of an important character was transacted. Those who know the details of what this Society is doing couch the great benefit it is doing for the district.

On Sunday the G.W.V.A. held their usual monthly meeting, a fair number turned up several matters of interest were dealt with among them being the question of approaching the Council with a suggestion for a Memorial to the boys of this district who did their bit but in doing so gave their all to their Country.

The annual monthly Council meeting was scheduled for Monday but owing to a number of circumstances was adjourned.

The Board of Trade held their annual meeting on Tuesday. Quite a number by their presence showed an interest in the affairs of the town. Reports of the year's working were made and the Treasurer was able to show there was a small balance in hand. During the last year the board have two outstanding matters to be dealt with—first the formation of a Boy Scout Troop here and second the arrangement for a location to locate in connection with his practice to have a small hospital here.

The two chief matters dealt with at the above meeting were the fixing of the date for the Celebration and the appointment of a strong committee to take on the question of the Hospital which at present is only temporary in its location.

After considerable discussion July 10th, Peace Day was again selected as Burdett's Day. It is hoped that other nearby towns will note this so there may be no clashing.

Theodore Hamel from Medicine Hat was a visitor this week looking over his farming interests.

## MOTHER'S DAY

Mother's Day will be observed in the United Church, Burdett on Sunday May 8th, at 7.30 p.m. The whole service will be of special interest to mothers. Each mother will be presented with a bow of white ribbon.

Motherhood is earth's great treasure; it is the key to nationhood. The moulding factor of national institutions rests largely with the mothers.

Let us put every encouragement in the way of mothers attending this service.

"May we keep our holy calling

An insurance company recently issued a little card on which is printed the following: "If you buy out of town, and we Buy out of town, what will become of our town?" This question is one which everyone interested in his Home Town should ask himself.

## NAVY SAILS MAY 18th.

OTTAWA.—The Canadian Naval Squadron will sail from Victoria on May 18th, for Halifax, it is announced by the naval department.

We are glad to know that Constable Bradner who has paid several visits to Burdett finds the Village to be a law-abiding place. Some excitement was caused last week when he picked up a man in the south, as it was just possible he was a much wanted man for whom a large reward is offered, there was however nothing doing.

An excellent service of song was given in the Methodist Church on Sunday. The choir deserve great credit for the manner in which this was presented. There was quite a good crowd present and if the night had been better there is no doubt but that the Church would have been filled.

W.A. Moore of the Massey Harco Co. was in town for a short time last Tuesday. Business is still booming with him.

The G.W.V.A. are starting the Summer Dance Season by one of their well arranged dances on June 3rd; the R.S.A.S. at their last meeting offered to put up a supper on this occasion so all who can come to Burdett that night will be assured of a great time. The music which is not definitely arranged for at time of writing owing to their absence from town will be of the best.
